

# THE KBKG *advantage.*

## *enterprise zone tax credit services*

DISCOVER THE KBKG DIFFERENCE

*Since 1999, KBKG, Inc. has been helping clients generate significant savings by reducing taxes through lucrative programs such as the Enterprise Zone Program.*

*Our expertise in selected tax areas allows our clients to take full advantage of tax incentives, while staying in compliance with the law.*

### *Comprehensive Credit Analysis*

KBKG's Enterprise Zone evaluation includes a thorough investigation of all Enterprise Zone tax incentives such as the Hiring Tax Credit, Sales and Use Tax Credit, Business Expense Deduction, Net Interest Deduction, and Net Operating Loss Carryover.

### *Highly Qualified Tax Professionals*

KBKG's team of tax professionals have significant tax experience and an in-depth understanding of the tax code. Licensed by the California State Board of Accountancy, we are authorized to provide representation in tax court, should the need ever arise.

KBKG has never had credits disallowed by the Franchise Tax Board. In the event our credits are challenged, we provide free Audit Support and documentation of our findings.

### *Independent Intermediaries & Consultants*

The EZ program often requires confidential and sensitive information from employees. A third party's involvement in collecting this information not only reduces an employer's legal liability, but also enables employees to feel more comfortable knowing that their standing in the company will not be affected.

Recent regulations allow for an appeals process to rectify incorrect denials issued by the local Enterprise Zone jurisdiction. KBKG's experts will appeal any incorrect denials and guarantee that all eligible employees are certified.

### *Efficient Screening Process*

KBKG's streamlined process and proprietary screening technology allows us to maximize credits with minimal disruption of our clients' businesses. Our team will facilitate this process which includes:

- ▶ A review of employment files at clients' locations (if preferred)
- ▶ Coordination with state and local Enterprise Zone officials
- ▶ Working closely with clients and their tax preparers to ensure that credits are correctly utilized
- ▶ Identification of other tax-savings strategies available to clients

### *Leading Educators*

KBKG is a registered NASBA sponsor of Continuing Professional Education on the National Registry of CPE Sponsors. We have been invited to speak to thousands of CPAs across the country on lucrative tax strategies such as Enterprise Zone Tax Credits, Cost Segregation Strategies, and other tax planning opportunities.

### *Maximum Credits, Minimum Cost*

Our services are paid for by the tax savings we secure for your company and our fees are typically based on a percentage of the savings. If we don't find any savings, there is no payment obligation.

*Contact us for a free, no-risk preliminary analysis*
